

Mohamed Ibrahim S

Software Developer (.Net) | Available to Join Immediately

mohamedibrahims190@gmail.com | (971-569522895) | LinkedIn: www.linkedin.com/in/mohameibrahims

PROFESSIONAL SUMMARY

Mid-Level .NET Developer with 4 years of professional experience delivering enterprise-grade applications and high-performance, scalable **Web APIs**. Specialized in **.NET Core, ASP.NET Core, C#, and RESTful API** design, with a strong focus on security, performance, and maintainability. Experienced in building **microservices architectures ecosystems**, automating backend workflows using **Apache-NiFi**, and integrating relational and **graph databases** including **SQL Server, PostgreSQL, and Neo4j**. Adept at translating complex business requirements into robust technical solutions through close collaboration with cross-functional teams. Strong advocate for clean code, best practices, and secure development standards, with hands-on experience in **JWTbased authentication**. **Proficient in Entity Framework Core, Git, Visual Studio, HTML, CSS, JavaScript, IIS deployment, Azure DevOps, and CI/CD concepts, with a solid understanding of Agile/Scrum**. Strong analytical, problem-solving, debugging, and performance optimization skills with a commitment to clean code, coding standards, and delivering business-focused solutions. Available to join immediately.

EXPERIENCE

Triton Tech Labs Pvt Ltd

Tenkasi, India

Digital Solution Engineer

Aug 2022 – Aug 2025

- **Designed, deployed, and maintained the server-side logic** and scalable backend services using **REST architectures**, enhancing system performance and reliability.
- Built and maintained high-performance REST/Web Services APIs capable of handling large request volumes and enabling seamless enterprise integrations.
- **Integrated Neo4j and PostgreSQL** with complex data models to support advanced multi-level reporting and analytics.
- Automated Nippon Paints dealer and pin code mapping process, **reducing processing time from 30 minutes to under 5 to 10 minutes based on the file data size**.
- Ensured strict data consistency across user and dealer hierarchies through robust validation and synchronization mechanisms.
- Participate in architectural discussions and performance optimization tasks. Collaborated in sprint planning, conducted code reviews, and **implemented zero-downtime CI/CD pipeline deployments**.

PROJECTS

Client: Nippon Paints Pvt Ltd, India

Ninja

Chennai, India

Backend Developer

Mar 2023 – Dec 2024

- Automated and streamlined technology and labour workflows, accelerating the home painting service process.
- Developed end-to-end hierarchy and data mapping automation for Nippon leads, effectively managing complex data relationships.
- Ensured high data accuracy in the production environment through precise user–dealer mapping controls.
- Worked in maintenance to resolve **critical bugs and troubleshoot issues in production environments**.

Aikyam

Chennai, India

Digital Solution Engineer

Jan 2025 – Aug 2025

- Designed and maintained the Aikyam data hierarchy platform **using React.js and JavaScript**, **implementing asynchronous programming patterns** to support **real-time management of user, dealer, and pincode data across 10+ live Nippon business applications**.
- **Delivered a smooth and flexible user experience** through both **file-based** and **UI-driven automation** for data mappings and the entire data lifecycle (insert, upsert, removal).
- **Engineered and maintained Microservice APIs**, **leveraging caching mechanisms** to optimize real-time, accurate data provision from Aikyam to all consuming projects, guaranteeing system-wide data consistency.
- **Ensured complete data governance and auditability** by capturing a comprehensive **history/audit trail** of every move, modification, and data removal executed across all user and dealer records.

EDUCATION

Jamal Mohamed College | Bharathidasan University

Tiruchirappalli, India

Bachelor of Science in Computer Science

Expected Graduation 2021

- **CGPA: 7/10, B+ Grade**

SKILLS

Programming: C#, LINQ, Cypher Query.

Frameworks & Tools: ASP.NET Core, .NET Core, MVC, CQRS, Entity Framework, Hangfire, Apache NiFi, Microservices.

Databases: PostgreSQL, SQL Server, Neo4j, Redis.

Version Control Systems: Git, GitHub, Azure cloud services.

Familiar with: HTML5, CSS, jQuery, Bootstrap, JavaScript frameworks

SOFT SKILLS

- Cross-functional collaboration with clear and effective communication
- Strong attention to detail with a consistent focus on quality
- Adaptability with a continuous learning mindset
- Hands-on experience working in Agile environments
- Excellent debugging, analytical, and problem-solving abilities
- Effective time management and task prioritization

PERSONAL DETAILS

Nationality: Indian

Visa Status: Visit Visa

Marital Status: Single

Date Of Birth: 11/08/1999

Languages: Fluent (English, Tamil, Malayalam)

Passport Details: U8772871
